DECEMBER 31, 2010 –
 JANUARY 1 & 2, 2011

What's Different?

So what will be different this time at Gaylord Opryland?

As part of their restoration, they are redesigning the Cascades Lobby, Cascades American Cafe' Restaurant, and the Cascades Terrace Bar, as well as Volare and Jack Daniels Restaurants. They're also excited to be introducing a new Mexican restaurant concept as well as redesigned Magnolia guest rooms, and renovations to the presidential suites. Preliminary renderings have just been released and we wanted to share them with you first. Please note these are directional, and are meant to provide you with a glimpse into the vision of what these new areas may look like. Renderings are not final and are subject to modification. Visit Gaylord Opryland's [restoration update page](#) to check them out, as well as new images of construction to date.

Additionally, when you come for the **New Year's Celebration**, you will get to enjoy the annual Christmas light display **featuring over 2 Million Christmas lights!**
